

The following fine hybrid seedlings are well established in 2-inch, or 2½-inch pots (See individual descriptions) and no matter what your aims are, you should be able to choose a well rounded assortment of Cattleya Orchids from these pages. They include all colors, sizes, and seasons.

NOTE: For QUANTITY prices, look on Page 5A. Notice I have made the quantity prices apply to \$2.50 seedlings; \$3.50 seedlings and \$5.00 seedlings — rather than pricing them by pot size or color. This allows you a wider assortment. For example: In the \$3.50 group, you may choose REDS and YELLOWS in 2-inch pots, along with COLORED and WHITE in 2½-inch, enjoying the advantage of QUANTITY prices on all \$3.50 seedlings, regardless of pot size.

COLORED HYBRIDS (Lavender to purple)

#71R — **LC ISHTAR X LC VALLANDINA X BLC DAWN ANGELA** — If you want brilliant, dark blooms, with round form and heavy texture for Winter season, this is it.

In 2½-inch pots, each \$3.50

#72R — **LC MEM. REMY CHOLET X PRINCESS MARGARET** — The pod parent, a 1946 registration of **Lc Marie-Louise X C. Peetersii**, was large, dark, red-lavender, with glowing crimson-purple lip. Crossing it with dependable Princess Margaret should produce an abundance of fine flowers twice yearly, Spring and Fall.

In 2-inch pots, each \$2.50

In 2½-inch pots, each \$3.50

#73R — **BLC DAWN ANGELA X LC GOVERNOR GORE** — Both parents are **QUALITY** Orchids — the kind that walk off with the Flower Show awards. Their bold form, size and substance will seldom be excelled. Medium to dark with very dark, full lips, topped by gold zones. Winter season.

In 2-inch pots, each \$2.50

In 2½-inch pots, each \$3.50

#74R — **C. TITRIANAE X LC DERRYNANE** — This is the **BEST Titrianae** I've ever seen, large, heavy, and with striking contrast of "painted" petal tips to match the brilliant dark lip. Crossed with medium lavender Derrynane with the broad, velvety, dark purple lip and throat, should make it produce plenty of unusual flowers for late Fall season.

In 2½-inch pots, each \$3.50

#78R — **LC PRINCESS PRUDENCE X LC PRINCESS ISHTAR** — The mating of these two Black and Flory "Princesses" should produce free-flowering dark hybrids to bloom twice yearly.

In 2½-inch pots, each \$3.50

#398 — **LC GEORGE BALDWIN X LC OLIVER LINES** — George Baldwin is one of the most satisfactory of all hybrids for **quantity** of bloom production and long-lasting **quality**. Like Enid, it blooms as rapidly as you can grow it, and is not in the least temperamental. But most Baldwins are "mules" with no pollen and refusing to bear seed pods. So we feel proud to have it in two crosses. This was a very superior, dark Oliver Lines, with size and substance equal that of Baldwin.

In 2-inch pots, each \$2.50

In 2½-inch pots, each \$3.50

#459 — **LC CASSANDRA X LC KAREN** — Large, medium dark flowers for late Spring.

In 2-inch pots, each \$2.50

#492 — **BLC DAWN ANGELA X LC RED OAK** — Medium to dark red-lavenders with bright, dark, crimson purple lips like rich velvet. Late Winter — Spring.

In 2-inch pots, each \$2.50

In 2½-inch pots, each \$3.50

#495 — **LC CUESTA X LC GERTRUDE HAMPTON** — Extra dark, showy red-purples for Spring season. Both parents known to foster the brilliant dark shades in such heavy demand.

In 2-inch pots, each \$2.50

#499 — **C. TETHYS VAR DARK BEAUTY X C. STEPHEN SANDER** — The flowers of this Tethys are such a solid, dark red-plum color that florists usually ask in amazement, "Are they real or are they dyed? I never saw an Orchid that color before!" If you have all the ordinary lavender to purple Orchids, try this for something **different**. Late Summer or Fall.

In 2½-inch pots, each \$3.50

#672 — **LC PRINCESS PRUDENCE X LC SOUTH ESK** — Large, showy rose-lavender with broad, ruffled, dark lip. Late Fall — Winter.

In 2-inch pots, each \$2.50

In 2½-inch pots, each \$3.50

#675 — **C. REMY CHOLET, PIERRE'S VAR. X BC HARTLAND** — Some of these should be as good as the best Blc Marion Ryersons, with Hartland again acting as "papa" on an extra fine Remy Cholet. Big, red-lavender Brassos of grand shape and heavy substance. Winter or twice yearly.

In 2-inch pots, each \$2.50

In 2½-inch pots, each \$3.50

#688 — **LC MAX PALM X LC OLIVER LINES** — Large, dark lavender with rich, red-purple lips and throats. Twice yearly, Spring and Fall.

In 2-inch pots, each \$2.50

In 2½-inch pots, each \$3.50

#696 — **BLC IRENE X LC CROWBOROUGH X LC LINNAEUS T. SAVAGE** — Huge, showy pink-lavender blooms with very full, ruffled, crimson-purple lips. Late Fall or twice yearly.

In 2-inch pots, each \$2.50

#697 — **LC WESTWOOD X LC LUDGATE** — Large, bold and heavy red-lavenders with dark purple-velvet lips; gold throats. Winter.

In 2½-inch pots, each \$3.50

#698 — **LC DERRYNANE X LC LUDGATE** — Medium dark with very dark, rich velvety purple lips and throats. Winter or twice yearly.

In 2-inch pots, each \$2.50

In 2½-inch pots, each \$3.50

#699 — **LC SOUTH ESK X LC LUDGATE** — Fall or twice yearly; large, medium lavender with dark, full lips, gold throats.

In 2½-inch pots, each \$3.50

#717 — **LC GEORGE BALDWIN X LC LINNAEUS T. SAVAGE** — Another exceptional Baldwin that succeeded in ripening a pod! A parent of Blc Marion Ryerson provided the pollen. Offspring should be deep rose with crimson purple lips; bold form and heavy texture. Twice or more yearly.

In 2-inch pots, each \$2.50

#720 — **BLC MARION RYERSON X LC DERRYNANE** — Full, showy, medium to dark Blc's with rich, purple velvet lips and throats. Autumn or twice yearly.

In 2-inch pots, each \$2.50

In 2½-inch pots, each \$3.50

#721 — **LC RED OAK X BLC MARION RYERSON** — Dark red-purple Blc's for Winter or twice yearly.

In 2-inch pots, each \$2.50

#722 — **BC BEDELIA X BLC MARION RYERSON** — Bright rose Blc's; darker lips; lots of gold in throat. Bc Bedelia, a parent of Bc Lois Ryerson, is one of the few Brassos that can be depended upon to ripen a viable seed pod.

In 2-inch pots, each \$2.50

In 2½-inch pots, each \$3.50

#732 — **LC WESTWOOD X BLC MARION RYERSON VAR HARTLAND** — This Blc Marion Ryerson was so much like its pollen parent that we named it "Variety Hartland". Crossed on big, showy, Winter blooming Westwood, should help it produce plenty of brilliantly dark red-plum Blc's. Winter or twice yearly.

In 2-inch pots, each \$2.50

In 2½-inch pots, each \$3.50

#737 — **LC GWEN SANDER X C. TRIANAE, EDGAR KNIGHT** — Do Orchids that have "lipstick" on the petal tips appeal to you as they do to us? Then this is it, for both parents have that feature in crimson-purple color to match the lips and throats of these extra vividly colored blooms. Even the seedlings show a reddish cast to the leaves. Winter through Spring season.

In 2-inch pots, each \$2.50
In 2½-inch pots, each \$3.50

#751 — **C. AMETHYSTOGLOSSA X C. HARRISONIANA X C. ENID** — Entrancing clusters of very heavy waxy PINK blooms, about four inches across. Everyone who sees these **seedlings** is apt to add at least one to his collection because of the heavy, vigorous growth habit. Spring.

In 2-inch pots, each \$2.50
In 2½-inch pots, each \$3.50

WHITE, WHITE-COLORED-LIP HYBRIDS

#67R — **LC NEW YORK ALBA X C. LABIATA ALBA** — Strong, vigorous White-Colored-Lip hybrid for Fall season.

In 2-inch pots, each \$2.50
In 2½-inch pots, each \$3.50

#70R — **C. ELEANORE ALBA X C. NUTLEY ALBA** — Extra fine White-Colored-Lip hybrid, very free flowering, for twice yearly production; Spring; Fall.

In 2-inch pots, each \$2.50
In 2½-inch pots, each \$3.50

#75R — **C. JEANNE PATTERSON X C. BOWBELLS, A.M.** — Extra fine, well rounded, heavy textured Whites for late Winter, Spring. No quantity orders available.

In 2-inch pots, each \$3.00
In 2½-inch pots, each \$4.00

#77R — **C. ORATANI ALBA X LC SOUTH ESK ALBA** — Big, showy WCL for late Fall or Winter.

In 2½-inch pots, each \$3.50

#79R — **LC WHITEWINGS** (Cynthia alba x C. Enid alba) — Large, free-flowering WCL hybrid for June Wedding season or twice yearly.

In 2½-inch pots, each \$3.50

*#139 — **BL CHARLES J. FAY** (B. Nodosa x L. Crispa) — An attractive WCL "Novelty" that grows like Nodosa "Lady of the Night" but has wavy lip like Crispa, lined with rows of deep purple dots. Fragrant at night and early morning. Fall.

In 2-inch pots, each \$2.00
In 2½-inch pots, each \$3.00

#452 — **C. NELLIE BRANDS X C. BARBARA BILLINGSLEY** — Free flowering Winter White of good quality.

In 2-inch pots, each \$2.50

#711 — **LC BRITANNIA ALBA X LC PARIZADE ALBA** — Spring blooming WCL of excellent quality for Easter or Mother's Day seasons. Strong growing.

In 2-inch pots, each \$2.50
In 2½-inch pots, each \$3.50

#715 — **BLC LANGLADE ALBA X LC PARIZADE ALBA** — Showy WCL hybrids of the Blc class for Late fall or twice yearly. (Few of these available.)

In 2-inch pots, each \$2.50

#745 — **C. LUXURY X C. SKINNERI VAR SNOWDROP** — For White clusters, larger and heavier textured than the rare White Skinneri. Late Winter; Spring.

In 2-inch pots, each \$2.50

*ASK FOR ONE 2-inch SEEDLING OF NOVELTY #139 AS A **BONUS** (free) With ORDERS OF TEN OR MORE OTHER SEEDLINGS, EITHER SIZE.

YELLOW AND RED HYBRIDS

#76R — **BLC MALVERN X C. MAGGIE RAPHAEL AUREA** — Rich, full Yellows with red-purple lips. Late Fall or Winter.

In 2-inch pots, each \$3.50
In 2½-inch pots, each \$5.00

#93G — **BLC LUCY FARFAN X C. TRIANAE, SPRING MORN** — Lucy Farfan was a sufficiently rich yellow that I expect most of the offspring to be yellow or peach, with purple lips. But the extreme vigor of these seedlings can be traced directly to the White-Colored-Lip Trianae. Winter.

In 2-inch pots, each \$3.50

#137 — **C. IRIS (Bicolor X Dowiana aurea)** — Bi-foliolate cluster hybrid that produces heavy green-yellow blooms with hed-purple Isthmus type lip. Autumn. blooms with hed-purple Isthmus type lip. Autumn.

In 2½-inch pots, each \$5.00

#488 — **LC APRICOSA, A.M. X LC HENRIETTA P. DANE** — Richly colored, full, apricot to bronze blooms with red-fuchsia lips; yellow throats. Autumn.

In 2-inch pots, each \$3.50
In 2½-inch pots, each \$5.00

#708 — **LC PLYMOUTH X C. EDMOND DE MUNTER** — Medium to bright yellow, with rose to purple lips. Late Summer — Autumn.

In 2-inch pots, each \$3.50

#704 — **C. SUPERBA X POTINARA ETHEL WARD** — Small, heavy-textured "tailored" type blooms of brilliant red-purple. Late Winter — Spring.

In 2-inch pots, each \$3.50

#705 — **SLC RADIANS X LC ILLIONE X LC RUBENS** — Top quality Winter Reds, larger and more compact form than #704.

In 2-inch pots, each \$3.50
In 2½-inch pots, each \$5.00

QUANTITY PRICES FOR \$2.50 SEEDLINGS
